

Detail-driven project coordinator and storyteller balancing financial precision with creative instinct. A collaborative team player who brings a fiscal mind, managerial organization, and a positive attitude to every production. Comfortable working across creative, production, and finance teams, with a genuine curiosity for both numbers and narrative.

Experience

Seasonal Project Coordinator - NFL FILMS | March 2026 – October 2026

- Coordinate end-to-end production and post-production workflows for NFL Presents, 30 for 30 documentaries, commercial campaigns, and company events, collaborating with producers, scheduling, talent, and post-production teams to keep projects on schedule.
- Develop and manage production and event budgets, including creating and keeping track of budgets for the companywide town hall and other employee events.

Assistant Editor - Storybench | August 2025 – December 2025

- Pitched and developed original stories focused on emerging tools, trends, and storytelling techniques across the media and journalism industries.
- Planned and executed multiple articles per month while coordinating publishing workflows and social media promotion to increase audience engagement.

Freelance Data Visualization Designer - GBH PRX The World | August 2025

- Designed and built an interactive U.S. map for a national media outlet, translating state-level economic and policy data into an audience-focused digital experience.
- Rebuilt and audited state-level economic and policy data from NAFSA for accuracy, producing clear, decision-ready reporting for a media audience.

Sales Lead, Founding Team - Hoka | Jul 2024 – December 2025

- Supported launch and opening-day operations for HOKA's first New England retail location.
- Consistently exceeded sales quotas and monitored daily/weekly sales performance, reporting store revenue and conversion rates to senior managers.

Internal Communications Intern – Marsh McLennan | January 2023 – June 2023

- Coordinated logistics and attendance reporting for leadership town halls with 2,000+ participants, supporting event execution, budgets, and expense tracking.
- Designed and distributed communications to 85,000+ employees across newsletters, intranet, and Slack, ensuring accurate, timely, and audience-focused messaging.

Multimedia Technician at FAS Education Support Services - Harvard University | June 2022 - May 2022

- Produced and filmed 10+ live-streamed events, including classes, film festivals, and graduation ceremonies, coordinating equipment and production resources within tight scheduling constraints.
- Managed equipment usage and resource allocation for university stakeholders while troubleshooting technical issues to maintain smooth event operations.
